CSPC: +032720

DESCRIPTION:

Famous for its bee emblem, Cognac Louis Royer traces its history back to the year 1853 and is known for a wide range of quality cognacs and Pineau. Creating cognacs from all six terroirs of the Cognac growing region, the offices and cellars of Louis Royer remain in the town of Jarnac on the banks of the Charente River where they were set up over 150 years ago. Very much continuing with the traditional methods championed by the cognac house's name sake, Louis Royer boasts five generations of family experience and skill that continue to produce a full range of cognacs distributed on a world wide scale.

TASTING NOTES:

***"With its nut-brown hue and brisk, warmly spiced aroma, this Cognac exudes dark toffee, cola, espresso and leather on the palate. Even into the finish, spice, toffee and dried fruit notes intertwine. Sip from a snifter to accompany a favorite dessert." Kara Newman
