DESCRIPTION:

In the core of Langhe, among the hills celebrated in Cesare Pavese's poems, you can find BOSIO srl winery, in a world where technology and rural tradition coexist. It was 1967 when **Egidio** and **Angela** decided to start work and a life full of fatigue and satisfactions; like every good farmer Egidio started step by step, with humility and tenacity, not pretending to reach success immediately and knowing that working hard and paying attention to the quality of the products would have given him results. Now, in the XXIth Century, the company includes 500 acres of vineyards, divided in the typical cultures of the zone. The plots of land are mainly in S. Stefano Belbo but also in Castiglione Tinella, Mango, Costigliole d'Asti and Castagnole Lanze.

TASTING NOTES:

Ruby red in colour. Cherry, tar and mild chocolate aromas grace the palate. Generous, smooth and full-bodied with lingering spice notes. Fresh and approachable.
